EDDIE JOYENT'S BODY.

The Sad Story of His Death in a Hotel in Texas, Where He Went for His Health.

The body of Eddie Joyent, of the Island, who was burned to death in a Texas hotel a week ago, reached here over the W. & L. E. railroad last evening. A letter to Mrs. Joyent from his physician gives brief particulars of his death. He was confined to his bed with consumption and was helpless when the flames broke out and was cremated alive. He was the only victim. A day or two before his death the attending physician had written to Mrs. Joyent that if she desired to see him alive she would have to hasten to his bedside. The body is said to have been burned in two. The fire is supposed to have originated in Joyent's room.
